This is a wonderful book! I have the book "Images of Enlightenment. Tibetan Art in Practice" by the same authors. It has all of the pictures in the coloring book in color. This is great companion to their

book

Educational as well as beautiful. A great companion to any dharma practice for a person of any age.

love the drawings and also the details and suggested colors to use!

great gift idea

I was looking for traditional images of Tibetan Buddhist art. This book is larger than the other Tibetan art books, which I believe makes it user friendly. Making copies of the images to test out colors has been helpful, eventually I'm planning on painting using these themes. I've also enjoyed researching and learning about the icons and symbols in the different images.
