Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

It is a fun book and the price is right. I bought it to practice with TABS and learn a few introductions to some Bass lines from music I don't normally play or perform to add a little humor to the band's I play with. Glad I got it..

This book was a good purchase. Tabs are easy to read and are wrotren as if they were on a staff so

you can almost feel what should be played. Good variety of songs too. I would recommend this to anyone who plays bass but doesn't know how to read music. If you want to be able to play a few songs quick this isn't a bad option.

Has tabs which is good for me.

Excellent product! Will buy more!

Well the price is awesome. The collection is quite good... some songs I don't recognize. But I shall give the author credit.

I don't read music yet, but I know it will help me in the future

Good reference

Good book.
