Mastering Hypnotic Language - Further Confessions Of A Rogue Hypnotist

Synopsis

Mastering hypnotic language! The Rogue Hypnotist taught you the basics, now he's back to teach you the true secrets of hypnotic language. For his own reasons he still remains anonymous, the hypnotic self-help elite must be ruffled! They don't want this stuff getting out! The Rogue Hypnotist is a top UK clinical hypnotherapist and Advanced NLP expert. He has a very good success rate indeed with his clients and he wants to share the tricks that work with you! He helps his clients in 1 session only at a very reasonable rate. They leave with a big smile on their faces. Police officers, multimillionaire's even TV celebs have sought his help; now he wants to help YOU! The sequel to "How to hypnotise anyone," the number 1 best seller on hypnosis on .com and .co.uk is here! "Mastering hypnotic language," awaits you!!! You can now take your hypnotic mastery up to the next level! In book 1 you learnt how to hypnotise anyone using words alone. Now you will learn how to use words with such precision that your total hypnotic power is assured! The Rogue Hypnotist is giving away almost for free all the language patterns that work as opposed to all the junk being sold out that that won't do anything to anyone. Learning hypnosis should be easy and fun! The hypnosis bag of magic tricks that you can expect to effortlessly learn and put into practise are: 1. The specific language that will induce trance and hypnosis in anyone. 2. Why words beginning in RE are hypnotic! 3. Why you SHOULD use PMR (Progressive Muscle Relaxation) with a script showing just how to do so. 4. How to dissociate the conscious and unconscious minds. Script provided! 5. What colour feelings are and how to use them in hypnosis. 6. The secrets of hidden code hypnosis. 7. How to use hypnotic negations properly and why they work. 8. The amazing expose of how the unconscious reveals the truth through reverse speech. 9. A powerful and much more advanced hypnotic mind model, that will give you far greater understanding of how the mind works than 99% of mental health care professionals, helping you hypnotise anyone with flair. 10. What the best temporal and spatial language predicates to use in hypnosis are. 11. Exactly how to use language to dig out specifics, to find the missing pieces and stop yourself being influenced against your will. 12. How to use hypnotic assumptions and nominalisations and which ones work best. 13. How to specifically and expertly use artfully vague hypnotic language. 14. What hyperbolic words and hypnotic poetry is. 15. The specifics of hypnotic languaging. 16. A knowledge of associational networks and artful ambiguity. 17. The 100% fail proof formula to create your own hypnotic deepeners! It's easier than you think! And you get a free bonus "The Silly

Deepener!Ã¢â€”â„¢18. An embedded commands induction PLUS the specific Ã¢â€”ÃœembedsÃ¢â€”â„¢ that induce trance in any conversation. You will learn TRUE conversational hypnosis that works including how to describe a state to elicit it!19. A step by step description of the precise way to create a Ã¢â€”Ãœsymbolic deepenerÃ¢â€”â„¢ with full script provided. 20. Your special BONUS Ã¢â€”âœÃ¢â€”ÃœThe Unicorn DeepenerÃ¢â€”â„¢ and much, much more!The Rogue Hypnotist is practically giving this away so that YOU will have by end of the book more hypnotic ability than 99% of so-called hypnotists out there! ThatÃ¢â€”â„¢s my promise to you. This knowledge has been spread around, taught badly and never before brought together in one place so that YOU can have Ã¢â€”Ãœprofessional level hypnotic masteryÃ¢â€”â„¢ without taking a diploma or 6 week, Ã¢â€”Ã£ and \$ robbing course. He wants EVERYONE to know this stuff at minimal cost. You can use your new knowledge to help others, create your own hypnosis recordings and once again Ã¢â€”âœhypnotise anyone! If after reading this book you canÃ¢â€”â„¢t hypnotise someone Ã¢â€”âœthey ainÃ¢â€”â„¢t human! Ã¢â€”ÃœMastering hypnotic language,Ã¢â€”â„¢ will teach you how to hypnotise people so they go through the floorboards!

Customer Reviews

I've read the first two books (of which this is the second), and I've started the third. This book, the second, is my favorite thus far. It has typos and is poorly punctuated at times, but the meat is there. I'm a consulting hypnotist and I find an incredible amount of information is squeezed in this very affordable book. Worth more than the asking price. It helps if you've had some training, not because the training is needed to use the material, but training will give you a sense of just how valuable much of the information really is. That is, being trained allows you to appreciate the quality of the material.

Don't just read this book. Study it. Imagine it. Dream it. Internalize it. Then use it only for good. This is a real gift from a generous and genuine master of the art and craft of hypnosis. The many layers of "Mastering Hypnotic Language" deliver clear and subtle insights into the complexity that is the human mind, then offer proven ways of successfully communicating with each level separately to positively influence the whole being. I found it unique in its explanations and tremendously helpful in deducing the "why."

i have written one review for all 8 of the author's books. in order to avoid redundancy, i am only going to post my review on the very first book's page and leave this note as a link on the others.if you're going to buy the books, buy them all. you really do need to read them all to make sense of the information, even though the author insists the books are stand-alone. no, they are not. what i have written above can help you fit the information into its proper order, and from there learning to do hypnotism with only this series is very much possible if you PRACTICE A LOT and follow the instructions the author gives you in the series.4 stars. would be 5, but my gripes are such that i spent an inordinate amount of time rereading the info and mindmapping it in order to make full sense of it. the author writes a LOT, and practical hypnosis requires simple understanding and quick execution, which is defeated by the series' verbosity.for the rest of my review, see the very first book in the series.

I've read many hypnosis books over the span of about 50 years, and this is perhaps the best I've ever come across. It clearly and concisely presents a very large number of trance inducing/deepening words and phrases, and provides them in a very easy to access format.If you're trying to learn hypnosis, or improve your skills as a hypnotist, you'll find this to be an invaluable reference which you'll refer to again and again to sharpen and improve your skills. If you're

considering creating your own self-hypnosis scripts, the information this book contains is exactly what you've been missing and have been looking for up until now. The information contained in this volume will allow you to produce much more powerful and effective phrases which will take you to deeper levels of hypnosis and remove any and all resistance you may have previously noticed, which means your scripts will be more powerful, and you will see results much faster than ever before. This is an excellent reference of hypnotic words and phrases, which includes explanations of why the words and phrases are hypnotic which makes it easier to remember and assimilate them into your everyday language as desired. Highly recommended...!

Love these books, bought one through Kindle and was a refreshing read, all the books are straight to the point with out some long drawn out B.S. on Hypnosis like every other writer does. It's not based in being mysticism much like the crap that's out there. I do have to admit the covers are a little corny and I questioned my first purchase, I am glad I just did it well worth it

This second book in series by the author expands on the first "You can hypnotize anyone". Clear cut instructions on the language patterns used in the hypnotic inductions and suggestions. Using the guidance of this book, we can make our own scripts. The only sour taste in the book is the too much unnecessary space used to belittle the NLPers and other hypnotists.

Great book. This specific volume has great content on structuring your hypnosis scripts or other persuasive speech to make it more effective and compelling. Lots of content, many techniques are discussed. I love the whole series, all of his books. All his books are interesting, relatively easy to read and understand and have lots of great content, including extensive appendices with scripts available for you to use. And they are all attractively priced. If you are interested in hypnosis, start with this series of books.

This book clearly details hypnotic language usage. It contains a collection of hypnotic language and how to use it. It also contains several scripts that are also explained. If you are into hypnosis, it is a great book to read. Really easy, well explained and full of resources.
