Courageous Love: An Andrea Carter Book (Circle C Milestones)

Synopsis

Andrea Carter is finally pulling her own weight on the Circle C Ranch she loves. The only thing she loves more than helping to run the ranch is spending time racing and stunt-riding on her horse Shasta, with the help of wrangler Riley Prescott. Little does she know that when she and Riley stumble onto a mysterious cut in the fence around her brother's prize calves, life is about to get far more exciting--and dangerous. A cryptic warning tied around a brick crashes through the window at a family party. Then cattle begin to die. When the horse barn catches fire, Andi knows this is more than just coincidence. But who is trying to hurt her family--and why? Evidence begins to point to criminals from her brother Justin's past who want revenge. But that discovery may be too late to keep Andi and her brother's family out of danger. Now Riley is her only hope of rescue. Can he find her before she disappears from the Circle C forever? Can she keep everyone else safe until then? The fourth volume in the Circle C Milestones quartet, *Courageous Love* is high on action, danger, and drama, and full of appealing characters readers love. Andi's final adventure, sparked with a little romance, is sure to please Marlow's legions of loyal readers who want a happy ending for this frontier heroine.

Susan K. Marlow is always on the lookout for a new story, whether she's writing books, teaching writing workshops, or sharing what she's learned as a homeschooling mom. The author of the Circle C Adventures series and the Circle C Beginnings series, Susan enjoys relaxing on her fourteen-acre homestead in the great state of Washington.

I enjoyed the first three books in the Circle C Milestones series, and eagerly anticipated this fourth book. Unfortunately, I found it to be very disappointing. Although the main characters are still endearing, the writing was awkward and there were lots of flaws. The relationship development that I most anticipated was virtually non-existent, and the ending felt very rushed. If I weren't already invested in the characters from reading the previous book in the series, I wouldn't have finished this one. In the end it was just okay. I hope that Ms. Marlow will write another book continuing Andi's story that will be more in line with her previous work.

Many years ago my daughter came across Susan K. Marlow's books at the TPA Homeschool Convention. She was attracted to the plastic horses and then her eyes went wide when she seen the picture of a horse and a girl her age on the book cover. She was sure then that she would love all the books. We have read every book in all of the series and she would happily tell you that she loves them all. If you're wondering about more of the books you can see that there are several series for all ages. Circle C Beginnings for ages 6-9 Circle C Stepping Stones ages 7-10 Circle C Adventures for ages 9-14 Circle C Milestones for ages 12+ Goldtown Adventure for boys 8-12 This is the 4 th and final book in the Circle C Milestones series. My daughter and I were sad to see it come to an end. We were not disappointed in the story plot. My daughter had two of her favorite characters Riley and Andi together again. We both have hoped to see these two take their friendship to the next level. We love that there is action, suspense, Godly characters, and it can be funny at times. I love that lessons are learned and prayers are lifted up in all aspects of life both the good and the bad in the story. The family ties are close and they just tug at your heart. Susan K. Marlow makes all the characters realistic and down to earth. Then you have Shasta and the other horses. My daughter was sad over the lost of Taffy and wasn't very happy about that in the last book. I'm not going to give away any spoilers so you are going to have to read the book for yourself. As always I love the Godly characters that Susan K. Marlow presents in her books. Seeing Andi growing up with in the pages of these books has been delightful. Currently we are reading the newest series Circle C Stepping Stones and I can't wait to share about them. I highly recommend this fantastic story. My daughter gives her approval also. Disclaimer: I received a free copy of this product from Kregel Publication in exchange for my honest review. It will be a very exciting time for me because this is the last in the series. Happy to see whats going on with the characters and how it will leave us BUT sad to see such a great story come to an end. Poor Andi, she has had a go of it and this final installment is no different. Andi has to overcome several happenings and she has to get down to the bottom of it before someone gets hurt. Such good lessons that are taught by the author in this series. This series is for young girls but I have to be honest, I liked reading them too. A great series that will tug at your heart strings and shows a strong family support for the Carter family! The Carters are a ranching family with good, strong morals that will make you want to be better, Great series!**Disclosure** This book was sent to me free of charge for my honest review from the author. All opinions are my own.
