This is a miss print The Fragments if the Zadokite works is missing along with the general index?? I had a replacement sent thinking problem was fix, but NOPE same thing with second one. Now I have two to send back. Highly disappointed!

Missing pages 785-871. and it is a known issue aparently from other comments..... i bought brand new

Nice!

Missing the zadokite work in back of book but it's in the table of contents was bummed out

As well as my view on the Apocrypha, this book has also been a very informative read. If you want to point fingers to why the world is the way it is, this book, the Apocrypha (with 2 Esdras missing, but I have it in another book) and the Bible will clear up a lot...of course, there are other books out there that help snap people out of the trance, but here is the foundation! Qam Yasharahla!

Great Book

Excellent supplement to the Holy Bible. It fills in the gaps.

This book is life!
