Customer Reviews

It is just OK. Difficult to navigate Cairo especially. It seems to jump around and the terms in text/maps don't really match. I use guide books all the time all over the world and this is not a good one.

Great guidebook for an amazing city.

excellent composition. Well put together and easy to read and follow on the maps. Loved it!

Excellent guide for the traveler going to Egypt

Very accurate and helpful for my trip to Egypt.

Really good tour book for Egypt. Lots of information. Seems odd reading a book now, the Kindle is quicker, but I needed a "hard copy."

This book provided us with very helpful information. We used it throughout our Egyptian survey.

I always appreciate the straightforward style of Lonely Planet Guides. This thoughtful, thorough guide has been recently updated and addresses the ongoing tensions and safety issues in Egypt

and surrounding countries. Its detailed recommendations for sightseeing, attractions and hotels are topnotch and I feel assured that my upcoming group tour will be truly exciting and safe.
