I'm thankful to a very good friend and her wonderful son who introduced this great book to my

boys

War is raging in Europe, and you can experience what it was like. Would you like to take aerial photographs in a blue Spitfire, steal secrets from the Japanese living in the Philippines, or be a wireless operator in the Women's Auxiliary Air Force? But watch out! You could get shot down, get sent to a Japanese concentration camp, or take part in the Bataan Death March. There's a chance you'll take lots of valuable photos, escape Gestapo questioning, or lie your way out of a prison camp. Only you can decide what happens. Who knows? One mistake could send you to your death. The You Choose series, similar to the Choose Your Own Adventure books, brings yet another gripping book where you choose the adventure! I'd recommend this book to any fan of these types of novels where you choose the story. This is rated 4 stars because it is repetitive, but otherwise, it is good. Sometimes, there would be 3 different paths leading to the same ending! Overall, this is a pretty good book.
