Our Numbered Days

Synopsis

"When you're dumb enough for long enough, you're gonna meet someone too smart to love you, and they're gonna love you anyway, and it's gonna go so poorly," Neil Hilborn writes in his debut full-length collection, *OUR NUMBERED DAYS*. In 2013, Hilborn's poem "OCD" went viral, and has amassed over 11 million views to date. While this collection ruminates on love, heartbreak, and mental illness, these poems are anything but saccharine. Hilborn uses the same humor and self-deprecation that propelled "OCD" to success in order to make his unmatched vulnerability all the more powerful. Ultimately, Hilborn is a poet of the people: his work is accessible, honest, and entertaining. —a revitalizing entry in contemporary poetry.

I bought this because I watched his OCD video. I figured if someone could make me cry in two minutes they deserved my support. I had no idea how much I would love it. It's brilliant.

This Book...THIS BOOK...touches my Heart.These are the Words that describe every Feeling I've

ever had and wanted to write down but could never manage to find a Pen. Thank you for this, looking forward to more!

A lot of the poems were amazing, some I'm still having to reread to interpret. Overall, a good buy, I bought it for my Kindle because the paperback was out of stock.

I first heard of this author on a YouTube channel. I love all of his poems and read them often. I would love to see him live.

This book is amazing .. i am in love with the whole thing .. great job .. finally something that makes me want to read

Moving, eloquent and fascinating poetry.

An insightful book by an amazing poet. I had to put down the book from time to time just to take in all of the feelings. What a sensitive dude!

Neil's crazy poetry matches my crazy brain and that makes me feel so at home in this book. Would give it six stars, because I prefer even numbers, and because it was so wonderful.
