Big Nate: From The Top

Synopsis

Hot off the best-seller list, Big Nate is in a class by himself. This spunky 11-year-old holds the school record in detentions, but that doesn't stop him from dreaming big! Big Nate is taking it from the top—the top of the troublemaker's list! Nate Wright is eleven years old, four-and-a-half feet tall, and the all-time record holder for school detentions in school history. He's a self-described genius and sixth-grade Renaissance man. Middle-grade kids everywhere can relate to Big Nate's daily battle against overzealous teachers, backbreaking homework, wimpy cafeteria food, and all-around conventionality. This collection features cartoonist Lincoln Peirce's daily and Sunday comic strips packed with his vintage flair and insights into school humor.

Customer Reviews

"In addition to the graphic storytelling, Nate's cartoons interspersed among Peirce's panels could provide teachers and librarians with great opportunities to incorporate this series into programs or lessons on cartooning and writing." (Snow Wildsmith, Booklist) "If you're looking for a new series to introduce your kids to this upcoming holiday season, chances are they'll really like these collections." (Rich Johnston, Bleeding Cool) "Big Nate is super

funny. I love these books.â (Appeal-Democrat)

â Lincoln Peirce has been drawing the Big Nate comic strip for more than 20 years. Born in Ames, Iowa, Peirce grew up in Durham, New Hampshire. As a kid, he began creating his own strips in the sixth grade. Peirce taught high school in New York City and has created several animated pilots for Cartoon Network and Nickelodeon. He lives in Portland, Maine, with his family.

I keep on the lookout for books to feed to my ten year old son, who I am attempting to instill a self-motivated drive for reading. I have witnessed him reading this book (and the other Big Nate books) on his own. He recently started reading aloud to me from Big Nate books as bedtime reading (it used to be just me reading to him). Anyway, the content seems funny enough for my preteen boy that he reads on his own, and that works for me.

As a general rule, I pooh-pooh "graphic" novels. To me, that's a euphemism for comics (Archie, anyone?) and really, all kids should be reading LITERATURE!!! Enter in one of my twin boys. He's a "reluctant reader" who took to Nate. He begged me to read Nate. Months of procrastination later, I picked on up and was surprised to find that I thought the books were honestly funny and, so long as the parent discusses with the child the meaning of sarcasm, irony and sardonic wit (and how that's all great in a book but NOT GOOD in real life) then the books are not only harmless, but a solidly constructive step towards reading "real" books. I know, readers of my review will be appalled at my literary snobbery. What can I say. I am a wanna-be erudite. So, for "reluctant" readers, especially boys, this would be a relatively benign choice (v. Wimpy Kid which I don't like as much). For any other child, this is a reasonable addition as a funny alternative to literature. These would be good on a family vacation when everyone relaxes with a book in the afternoon. I would say target age is from 7-10ish. My boys are 8 and 10 and loved them.

Written by my 8 year old: This book is really funny. He drives everyone crazy, even his friends. Some parts of it have comics with writing under it. Some of his teachers hate him some not really. His least favorite teacher is Mrs. Godfrey. His homework is never clean. It always has root beer stains or something. His best friends are Francis and Teddy. They are really funny, too. Nate's enemy is Arthur, who talks really weird.

Couldn't put it down! Big Nate from the Top kept me laughing for hours! Recommend to anyone looking for a good summer read.

My son loves this series and loves that they made a book of just the comics! It has him engaged in reading and wanting to read more!
