## Customer Reviews

I'm making tons of microwave treats for me and my friends here at college and its great to have so many quick and easy options in this book!

Most of the recipes looked okay, but aren't things I would choose to make. I'm not limited to only cook in a microwave and don't like bacon. The recipes here would require a bit of planning and preparation. If someone is in the dorms, I'd worry that the leftover ingredients would go bad. If you are cooking for a roommate too that wouldn't be as much of an issue. For a student living off campus these would be good. It does strike me more as guy food than girl food.
