Customer Reviews

"This brand-new book by the king of cruising guides provides reliable instructions and lively commentary about traveling from the Port of Miami all the way to the Dry Tortugas." --

"Your new Florida Keys cruising guide is terrific, and is now my personal choice for cruising the Keys. Everywhere we went aboard Bluewater, we compared what you said with what we saw and you were virtually 100% on target." --Milt Baker

This is an extremely comprehensive review of almost everything related to boating that existed in the Keys in 2005. And those are the problems. It provides way too much information for short term cruisers and a lot of it is quite dated. While I enjoy Mr. Young's writing style, this book is hard to use when cruising down to the Keys. Other than the publication age, and it may be that the authors are

planning an update, this book may be better suited for those who are planning to spend a few months or more in the area.

I am used to the Bahamas Explorer Chart type of guide and prefer that format to this narrative. Some of the information was interesting but much of it is available for free from other sources. I would not buy it again.

Purchased for my son for their trip via boat to the keys - excellent guide

A very useful book for helping with navigation!!!

If you've been sailing very long and have much experience you will not find this book of much help in the Keys.

We gave this as a gift to my In-Laws because they just bought a beautiful new boat. The book provides all the information you could possibly want. Its a great reference.

Very useful.

EVERY ONCE AND A WHILE IT IS IMPORTANT TO REBOOT YOUR MEMORY BANKNOT TO MENTION UPDATING THE SUBTLE CHANGES THE CAN HAPPEN AND GO UNNOTICEDYOUNG HITS IT OUT OF THE PARK AGAINTHIS WORKS FOR MOTORISTS AS WELL SINCE WE'RE TALKING ABOUT AN ISLAND CHAIN
