Customer Reviews

I am working as a secretary for first time and a coworker asked for this item to be delivered with supplies. I could not buy with grant funded money. But I thought it so bold of her to ask that I spent my own money to get it for her. It is a beautiful vivid picture calendar of tropical scenes!!!! Great price and product. Makes ya relax just lookin at the photos!! Now she can sit in her windowless cube and think she is in the tropical place! ~ ~ ~ (boyds @ MTC)

I had the 2016 version of this calendar, and the 2017 is just as beautiful. The only bad thing is it arrived with an entire corner smushed, not the fault of the manufacturer. Judging by the way it was packed, it was probably like that before put it in the box and shipped it. Careless on the part of , some things never change. It looks like will replace it, so I'll see what happens with that.

I love it because in this calendar the week starts with Monday and the weekends are shaded.

Exactly what I was looking for. No so thin you can see through the sheet.

amazing pictures. great calendar would buy again and again and again and again and again and again hope next year is new tho

love

Probably my favorite annual wall calendar...two years running. Pleasant relaxing inviting beach scenes to help get through the winters in Chicago. Especially like the way the shading blends from the photo into the actual calendar dates.

The calendar itself is spectacular. Only one concern: FSC (fsc.org) logo was not found on this calendar. To me, that logo means that the product is more sustainable environmentally. That logo is found on other beautiful calendars that are similarly priced: Both the Wanderlust calendar and the national parks calendar bear that logo. Hopefully they will have that logo on this calendar next year. I'm willing to pay a little more for a better environment. This calendar is printed in South Korea, which is much preferred by me to a calendar printed in mainland China.
