Customer Reviews

Like other books in this publisher's New Crafts series, this one is beautifully laid out and features clear and colorful photos. In addition to full-page pictures of the finished projects, each one of the individual step-by-step instructions is given its own little photo, making for very easy-to-follow directions. Projects include clothing and fashion accessories (vest, hat, purse, and more) as well as home decor items (lampshades, place mats, frames, pillows, ornaments). There's also good information on the basics of ribbon weaving, making bows, ribbon stitchery, and making ribbon flowers.
