Customer Reviews

the birds are zendoodle and such designs. Some I have in other books. You have white, gray, or black backgrounds, some in zigzags, etc. The birds are eagles, parrots, roosters, hummingbirds, owls, seagulls, toucans, ? birds, birds with cages, Paris with furniture and birds, patterned back grounds are really tacky. The stupid in this book is the art and the attitude about birds. There is one design on page so you don't have to figure out what you want to keep.
