Customer Reviews

This book was required reading for my English 1A course. It provided a plethora of interested articles which spanned the gamut from politics, to rap music, to sports and more.

I loved this textbook that we used for our ENG 101. It has so many eye-opening lessons.

Good read for my college cultural studies class. An easy interesting read.

A little beat up but arrived on time and wasn't missing anything

Great !

it's good usable book, thanks for the rent..

good book with cool info

I bought this book for 82 dollars and that's a lot of money! The first 3 pages start out normal and then the rest of the book is upside down! I was so mad! I'm not able to return the book and get another book because I need the book everyday and I can't afford to get behind in my class because I don't have the book.
