Customer Reviews

Should have paid more attention to the fact that there is only 1 review. Pages not numbered the same as the table of contents. Very limited information and appears written by a child. I usually give good reviews but this was really a waste of money.

This is an embarrassment. Granted, Frankfurt doesn't really have much to offer for tourists. But this is a very amateurish booklet, looks like was written and printed in Word. Fonts are huge and very few pages of actual information. Avoid.

A handy little book that will be useful on an upcoming trip to Germany.
