Bead Crochet Jewelry: An Inspired Journey Through 27 Designs

Synopsis

Beading experts, teachers, and jewelry designers Bert and Dana Freed share their expertise in this delightful collection of jewelry patterns and projects. Using a wide range of stunning beads in lovely color combinations, the pieces may look complicated, but are very easy to make following the clearly explained techniques and directions. The projects are organized so that you start with the foundation of bead crochet---the basic chain stitch---then progress through each level to achieve more advanced techniques. Each section opens with clear photographs that demonstrate the techniques needed for the proceeding projects. The "Advanced Tips and Tricks" at the end of the book offer additional tips and tricks for making your bead crochet experience go as smoothly as possible. Beautifully photographed, Bead Crochet Jewelry provides all the inspiration and skills you need to create unique jewelry pieces to wear or give as wonderful gifts. From dangling earrings to chunky necklaces and plaited bracelets, these beautiful and intricate-looking pieces are sure to stand out and be admired by all.

Customer Reviews

I am a big Dana Freed fan because I know her and Bert through our local yarn store, Knitty City. Then I took a couple of bead crochet classes and was hooked (no pun intended). When I learned that they had produced a book, I was thrilled. And what a book! Whimsical vintage props provide a perfect backdrop for the stunning designs. Sometimes I just love to browse through to enjoy the photography. But it's more than a pretty face. There is basic general information, followed by step-by-step instructions, along with plenty of encouragement. Even a beginner can handle it; and I should know, I'm a beginner! I even have pages 80-83 flagged because I can never quite remember how do an invisible join for a circular crochet bracelet and must review the instructions. (I don't understand that negative review because I find those instructions completely helpful.) It's like having my own personal Dana to explain things. I've made around 10 necklaces and more than 20 bracelets ... so far. When I need inspiration, I just refer to the book. I love this book!

I really love beading and therefore I was really excited when I heard about bead crochet. I already knew how to crochet and thought it would be fun to give bead crochet a try. The book has a lot of fun patterns to try and I love the fact that in the front of the book it you a guide on what type of string to use for the different bead sizes for your bead crochet. I made the the bead earrings that were close to the end of the book and they came out wonderfully. The bead crochet technique takes a little time and patience and might be a little challenging for beginners but I would still recommend this book to anyone who loves to bead

I have never been disappointed with any purchases from . The Bead Crochet Jewelry Book is truly superior. The colored illustrations are beautiful. The step by step instructions are very clear. Even a beginner would not have a problem. Thank you once again , for another great project.

The book has great graphics and instructions. I was hoping there would be a page showing/explaining the different kinds of knots and more basic instruction.

Beautiful photos, easy to follow patterns!

I first borrowed this book from the library, but decided that it was worthwhile to get a copy for my collection. In addition to basic instructions, there are a lot of interesting ideas in this book.

Very Happy with book. It arrived as expected

I bought the book as a present for my wife. She likes to make jewelry and this book is the best book she has read about making any kind of jewelry. The pictures were nice to look at and she found the design simple and easy to follow. I got alot of points for this gift!!
