Customer Reviews

Generations of children around the world have grown up spending hours poring over books by the late RICHARD SCARRY filled with all the colorful details of their daily lives. No other illustrator has shown such a lively interest in the words and concepts of early childhood. He began his career at Golden Books in the 1940s, and he remains one of the world's best-loved children's authors EVER! He was posthumously awarded a Lifetime Achievement Award from the Society of Illustrators in 2012.

Got this book because my little one loved Richard Scary's Big Book of Things That Go. Thought this one would be neat because it was just cars and trucks. It is neat, but it is tiny, pocket-sized, would fit in your purse. Didn't catch that in the description. It has turned out to be a nice, hearty car book though, so I would rate it good for that purpose. Also, if you are looking for a toddler-proof board book intro to Richard Scary, this is good for that too. If your little one can handle regular pages and regular sized books though, then just get the big book.

Nice size for a toddler to manipulate, easy to throw into a diaper bag, sturdy, bright pictures and lots

to look at without being too busy. I loved the big Richard Scarry books when I was little but my son is at that "can I rip this out of here" stage so we have to stick with board books right now and I was so happy to find out that there were some that will introduce my little guy to the bigger books! I look forward to our next purchase for sure!

Richard Scarry's books are always engaging. The pictures are fun and brightly colored. This book of Trucks is no exception. There are many types of trucks and lots of action. I made a mistake in not realizing that this is a mini book; it's only 4.3 inches by 5.7 inches. So it's not large pages with lots of pictures on each page. Nevertheless, it's been fun reading it to the kids and for them to read alone. I'm not sorry I bought it.

Awesome little book. My son loves trucks, so this keeps him entertained. It's a physically small book, perfect for toddler hands or taking in a toddler backpack or adult purse if you don't carry a diaper bag.

A big hit all the way around, Jackson's Daddy, the firefighter, Jackson's Grammy, a big Richard Scarry fan, and last, but not least Jackson, himself !!!

This is my grandson's favorite - love trucks and other construction equipment

My kid loves these Busytown books, but this one is just ok. There's not much to look at and the pictures are meh.

Our little one loves the different trucks featured and there are even some enjoyable moments for the adult helping with the reading.
