## Customer Reviews

perfect

Great!!

Great book!

It's an okay text book. I had to buy it for PA school. Not a very exciting read but if you need it, you need it.

This is a great book. Also required for my program. But deserves all the star I have given it. !

It doesn't tell in-depth about what you actually do in the room with patients but the history and other aspects. Interesting read.

didn't really use it much
