I love that this atlas has a protective cover. We have GPS but still refer to the atlas as GPS isn't always correct!

I am replacing an older Atlas because its cover is loose and the book is too large to go into the seat storage pocket. This new one has a plastic cover and is smaller, tho still large enough to fit down into the pocket and is easily read.

Better than ever with the vinyl cover!

Love the protective cover. No more coffee/soda spills or torn pages. Atlases are pretty much all the same, but one with a protective cover is awesome and necessary.

I used it on our road trip and the middle pages fell out...ONE trip!

Very user friendly. The cover helps protect your book.

We have purchased this atlas for years but this nine with the vinyl cover makes it the best.

Beautiful atlas, very handy!
