So cute. Smaller than I expected, but the dimensions were listed so its no problem. Kids love it.

Our grandson will flip over this. It's a terrific little book, and he loves books. I can't wait to see him discover the puppet within it.

My granddaughter loves this book! So cute!

We have a pest control company, and one of the things that we do when a staff member has a new baby, is get them a basket full of baby things - all with a bug theme. This is one of my favorites for new "Baby BugStoppers".

Cute book, a bit short, and my daughter moderately likes it. What she likes most is pulling at my finger while I'm playing the part of the ladybug... doesn't seem to care for any of the "pages" of the

book and moves on quickly. Maybe it'd be more entertaining for a younger baby (daughter was a year old when I got this)

This is an adorable book. I bought it for my preschool class and the kids just love it. I would say it's best for kids 4 and under. The finger puppet is fun and interesting for that age group.

This book is fun, fun, fun. It is sturdy and the attached finger puppet inspires imaginative play. The message is perfect for a two-year-old...Ladybug is happy and has lots of friends, including the reader. I sent it along to my granddaughter with a seersucker ladybug summer dress for dancing in the park.
