Cocky Senator: Justin Cocker (Cocker Brothers Of Atlanta Book 5)

Synopsis

Six Cocky, Bad Boy Brothers in the hit series now with over 275,000 sold! All Stand-Alone Romance Novels. "This book is funny, sweet, SO sexy, heartbreaking and just perfect. I can't even talk about the best part without spoiling it, so you just have to read it!"-- ViolinVixenReviewJUSTIN: I want to be a politician the people of Georgia can trust. That's all I care about. It's why I went to Yale. Why I work twelve-hour days. I don't want kids. I don't want a wife. For a very good reason that I will never share with anyone. But then a smoky-eyed beauty orders, "Jameson whiskey, rocks..." And accepts my invitation to what turns out to be the hottest sex of my life. When she leaves me staring after her and zipping up my pants, I try like hell to ignore that my obsession just switched...to her. JAIMIE: My father needs me in Atlanta. I'm at the airport leaving everything I've built in Boston behind me. Hence the booze before noon on a Tuesday. When Justin Cocker appears, offering himself up as a stress-reliever, I know he doesn't recognize me. Why would he? But I sure as hell remember him. God, the look in his eyes. Desire. Lust. Need. He leans in and smirks, "I know a janitor's closet that locks." You'd think a lady would turn down such an offer, wouldn't you? Not today she wouldn't. *** Â If you don't like humor, loyal families, sex and swearing, this series is not for you. Thank you.Â Can easily be enjoyed out of order. After the brothers come their amazing grown up kids in their own romance novels!_____ What readers are saying about the shocking Justin Cocker in Cocky Senator with over 500 five-star reviews across and Goodreads! * "I've been reading romance books for 23 years and I didn't see this twist coming at ALL! Absolutely loved it!" - Melissa May * "Unbelievably good writing! The books in this series just kept getting better and better. Each of the brothers and their stories are so different. We find out even more surprises about the parent's marriage. Lot of twists and turns." - PLP46 * "What a beautiful and complex love story." - Melissa * "Faleena is the queen of plot twists... And I don't know how she keeps surprising me." - Andrea * "...the author has given readers a thrilling fun story that keeps you turning pages until the end." - Midnightlnk * "The chemistry between Justin and Jaimie was intense. I also liked how we got a little more insight into the Cocker parents' relationship and would be interested in a prequel of sorts." - KMP123 * "I wasn't so sure how Faleena would make me like this guy but she pulled it off without a hitch. He has so much more depth the further in to the story you get and you can't help but fall in love with him..." - Hazeleyedcg * "You are seriously missing out if you don't read this series! Be ready to become obsessed!" - Customer

Customer Reviews

Justin Cocker, up and coming politician, self proclaimed ladies man with a love 'em and leave 'em attitude, gets the surprise of his life in more than one way!Will he learn to believe in love, marriage and himself in time to hold on to what fate is offering?Even though this is a work of fiction, Ms. Hopkins has restored my faith in men. Two people hardened to the ideas of happiness through marriage, Justin witnessed betrayal and infidelity at a young age, Jaime has abandonment issues caused by her father , then add a five year little girl who needs a father to step up after the tragic death of her mother and you've got a 5+ star read!Just WOW! This book felt so real and so personal on so many levels, I believe I've fallen in love with Justin myself!!! stalked the author for an arc copy and am gladly and voluntarily leaving this review!

This was the perfect book to devour over the Holidays because it kept me from overeating since I had a hard time putting it down. Despite the fact that this is the 5th book in the series you really don't need to read them in order, I discovered the series when I stumbled across the 2nd book and was hooked right from the beginning, of course I immediately got them all as soon as they were available. I really enjoyed this book, of course all the Cocker Brothers are drop dead gorgeous and I

love that all the female characters are strong willed and capable women and it just made for fun reading. It had plenty of romance and some very steamy scenes but as usual there are some ups and down to the relationship, but lucky for us readers the men all realize when they have a good woman on their hands and finally come to their senses. I already ordered the next book in the series and can't wait to read it.

Justin Cocker is Jason's twin brother. They look alike but are very different. Jason is sweet and romantic, but because of things in the past, Justin is very closed off and hard. He is a love them and leave them guy until he meets Jamie. When Jamie and Justin meet in an airport, he doesn't remember they went to the same high school for a year when she was with her father in Atlanta. During their brief meeting in the airport, they end up in a janitor's closet having hot sex. Typical Justin, he doesn't even get her name, but can't seem to get her out of his mind. Jamie is on her way to Atlanta to help her father with his reelection campaign for Alabama State Senator. She didn't realize at the time she just had sex with his opponent. The first time Justin realize who she is, is when he and her father give speeches at the same event. He feels like he was used and tricked. (Justin Cocker used only for sex?) Has he finally met his match? There are a lot of twists, turns and revelations about the Cocker family in this book. Find out why Justin not only wants Jamie, but he ends up needing her too. Each book is stand alone, but you will revisit some of the family you met in previous books and will discover parts of their past as it relates to Justin.

Justin has been my least favorite character to date. He's always come off as such an arrogant, irresponsible jerk. Not quite sure what his brothers even liked him! This book gives us a whole new look at Justin and the things that made him the way he was and the things that cause him to change. It's well done and makes you wish, especially lately, that politicians like him actually existed. Jaime is well written though I don't feel like I knew her as well. The story arc is well paced. There are two big things that threw things a bit for me though. One is a just completely unrealistic turn of events...absolutely no way on earth it could have happened and it was dumb. Easily could have gotten the same result with a different explanation (no spoilers) and it would have been way more believable and worked much better. Very disappointing. The other was an out of the blue scene at the end that just didn't work given the rest of the book. But overall it's yet another enjoyable addition to the series.

The first 3/4 was good, but the denouement and wrap-up seemed way too rushed and convenient. No spoilers, but after one conversation our hero gets over what was apparently the fundamental traumatic experience of his childhood? And the heroine seemed to lose any empathy she might have had earlier, turning an important moment in the hero's life into "but what about me?" The author's note says that this book is longer than the others. I wish she'd given the climax as much space as it needed, even if it would have made it longer. When you're enjoying a book, longer isn't bad!

I voluntarily reviewed this book as an ARC and I am happy to be on team Faleena!. This is the best one yet -- of course, I say that about all of the Cocker brothers. Justin and Jaimie (love the alliteration) story was very emotional. I wasn't sure I could get into a political story considering all of the recent election season but Faleena knows how to build context without overkill. There are surprises for Justin and for other members of the Cocker family in this story. As always, the read is fast paced, lots of hot sex/romance, and brotherly advice. I know I am enjoying a book when I look to see how much is left and I keep saying, don't end yet, don't end yet... This one is a bit longer than the other brothers' stories but it was the right length for Justin and Jaimie's. By my count, brother Jeremy's story is next and I am anxiously awaiting the tie up of the Cocker's stories. Great entertaining read.
