Cases And Materials On American Property Law (American Casebook Series)

Synopsis

This casebook continues its traditional approach to the teaching of property law. The new edition features new cases inserted into almost every chapter of the book, with appropriately updated notes and comments. The opening chapter includes a section of cases designed to hone a student's skill in close case analysis. In its entirety, the book introduces students to a broad spectrum of material traditionally covered in a first-year property course. A voluminous teacher's manual accompanies the book, with briefs of every principal case and extensive notes designed to aid the teacher in advancing classroom discussion on nearly every note in the casebook. For the first time, the teacher's manual includes additional problems and other materials designed to develop professional skills.

Book Information

Series: American Casebook Series

Hardcover: 1376 pages

Publisher: West Academic Publishing; 6 edition (May 11, 2012)

Customer Reviews

Super marked up and it's falling off its binding.

There were some errors in the book which the professor reported and should be updated in later editions.

great

The binding was loose, there were markings on almost every page including writing and highlights. On the whole I wish I would have bought from a different seller.
