This is a very interesting book! My students really like it for supplemental reading.

Read these with my 8 year old son, a little harsh but he loves them

Great to keep kids engaged in reading. Choose your own ending, they want to see what's going to happen.

My youngest daughter (age 10) is so into these books. She loves to make different choices within the books to see the various outcomes.

Came as expected. Haven't read it yet.

Love these interactive books! My 9-year-old reads them to us, and we all learn something together! an easy read, and fun!

Great..will buy again!

No problems.
