Here is another great set of stories featuring encounters with the big guy. Whether or not you are a Bigfoot believer, this is still a great group of stories from master story teller Rusty Wilson. His tales are very entertaining and he has a gift of making you feel like you are there in the story. His tales feature a variety of backgrounds and told so well they hold up when read more than once. If you are new to Rusty's tales, welcome! If not, this is a great addition to your Rusty library. I now have 10 books myself and still enjoy reading them over & over. Be sure to checkout his new book of Mysterious Bigfoot tales, it is another winner. If you enjoy his books, stop by & visit his Rusty Bigfoot blog for updates and say hello. He loves to hear from fans. His tales are highly addictive and you can't read just one! Well worth your time! Update: Rusty is planning a bigfoot hunt! Read all about it on his Rusty Bigfoot blog page. Another great book is coming.

I have been interested in Bigfoot since I was 7 years old and first saw the atterson-Gimlin footage. My family and I have been on a BFRO expedition in Ohio. Rusty Wilson's stories are all very well-written and actually believable, if you have an open mind. I am just about to purchase the last of Rusty's Bigfoot Story books for my Kindle. Highly recommended.

Great little six pack of stories!! Even though it was short, these were some of the best stories of the series. As always, if you like Bigfoot, this little book will satisfy your thirst for stories, but just for a little while. Then you have to go buy the next book by Rusty.

I've said it many times, if you like Bigfoot stories you cannot find any better than ANYTHING Rusty publishes!! literally couldn't put the book down, or anything that I read from him for that matter. I just want more stories period! I love these stories! If you aren't a Bigfoot believer and you dare peruse his stories, you soon will be. I just don't believe they are made up.

If you have read any of my other posts on Rusty Wilson, then you know why I love these books. I especially enjoy sharing the stories with my 7 and 11 year old boy and girl. They really get into the

story, though I'm not sure they actually think any of it could be real.

Rusty does it again with this collection, and I am sad that I have read all of them now! Can't wait to see more.

Kept me reading late into the night - till I finished the book. My favorite was the last story because she wasn't afraid. How I'd want to be if ever confronted with Bigfoot!

My only complaint was it wasn't long enough...love these stories!! Rusty has a great way of relating the stories he's heard and they will not only entertain but make you think.
