# Michelin Green Guide Scotland (Green Guide/Michelin)

## Synopsis

The newly updated Green Guide Scotland captures the spirit of the country, from the Lowlands of Strathmore to the Cairngorms in the heart of the Highlands. Sample a wee dram at the malt whisky capital, play golf at St. Andrews, visit Glasgow's art museums, or explore the rugged northern lochs. Through its star-rating system, driving tours, well-researched places to stay and eat, colorful maps and suggested activities, the guide helps you discover the quintessence of Scotland.

## Book Information

Product Dimensions: 4.7 x 0.6 x 8.7 inches

Shipping Weight: 14.1 ounces

Average Customer Review: 4.4 out of 5 stars 13 customer reviews

Best Sellers Rank: #627,457 in Books (See Top 100 in Books) #116 in Books > Travel > Europe > Great Britain > Scotland > General #934 in Books > Travel > Europe > General #1539 in Books > Travel > Reference > General

## Customer Reviews

Before writing this review I checked my bookshelf: I have about a half-dozen green guides collected over more years than I'd like to consider. I always considered them to be excellent, one-size-fits-all, type of guides -- and the Scotland Guide is, on its own, very good. That's why we bought this one. It's just that with the internet, you can get more up-to-date information on your smart phone or tablet. Unlike the US, there are many, many free hotspots in Scotland so access is not that much of an issue. Truth is, we really didn't refer to it much at all. We did most of our research in the evenings for the following day's outings. At the castles or museums, there was enough posted or available information to make the guide redundant. However, it is useful for some maps and suggestions for self-guided tours. Of the printed guides, however, I would recommend this one over any other because of the way it is organized, the depth of detail and the convenient narrow size.

Very helpful. I also bought Rick Steves and Lonely Planet. Rick's is my favorite but they all have

some info not found in others.

I have this guide published in 2000. I bought this updated version for new material. It's better organized than the 2000 edition. There are newer pictures. But you can't call this a very thorough update. It seems more like a lukewarm revision without a whole lot of time invested in it by the editors. It works, but I'm kind of disappointed with it.

Great resource!! I was amazed at how much I relied on this little green book for information during my trip. I generally rely on online sites for the latest information but found myself turning to Michelin more often than not to find out whatever I needed to know about even the most out of the way places.

Great.

wonderful intro to the places i am going next wek.

Michelin always has good routes, and sometimes different places other than the obvious.

I like Green. Always have.
