great looking tome

This is a must for any AD&D player who likes wizards and arcane spells or just general info on wizards and the likes. Great for any DMs as well with info on wizards classes and spells. If you collect AD&D books, D&D books or any table top gaming system, this book is a good selection for your collection.

Absolutely loved it. Will be purchasing the entire series now!!!

very helpful

:)

great addition to my collection

ok

Bought this supplement again after giving away the original one I bought in the nineties. Actually, ended up buying the 5th edition books and playing that instead of 2nd edition. But these books are great to lean on once in awhile for inspiration. Also, the content can easily be adapted to play with the new edition.
