fast shipping. the best seller. Nice and valuable. Very good for the price. my family need to change a new one ,

For Health we learned about head lice in a book of that title by Angela Royston. This was another one of those books that did double duty as a health book and a reader. While it is a little itchy it was also very informative and definitely at My 8 year old's level. I would recommend it for grades 2-3rd.
