The Days Of Noah, The Complete Box Set: A Novel Of The End Times In America

Synopsis

Is a secret cabal working to collapse the international economy, usher in a global government, and establish a one-world currency? Tennessee public school teacher, Noah Parker, like many in the United States, has been asleep at the wheel. During his complacency, the founding precepts of America have been slowly, systematically destroyed by a conspiracy that dates back hundreds of years. Cassandra Parker, Noah's wife, has diligently followed end-times prophecy and the shifting tide against freedom in America. Noah has tried to avoid the subject, but when charges are filed against him for deviating from the approved curriculum in his school, he quickly understands the seriousness of the situation. The signs can no longer be ignored, and Noah is forced to prepare for the cataclysmic period of financial and political upheaval ahead. Meanwhile, in an off-site CIA facility outside of Langley, rookie analyst Everett Carroll discovers he's not being told the whole truth. He's instructed to disregard troubling information uncovered by his research. Everett ignores his directive and keeps digging. What he finds goes against everything he's been taught to believe. Unfortunately, his curiosity doesn't escape the attention of his superiors, and it may cost him his life. Watch through the eyes of Noah Parker and Everett Carroll as the world descends into chaos, a global empire takes shape, ancient writings are fulfilled, and the last days fall upon the once-great United States of America. *The Days of Noah*, by Mark Goodwin, is a fast-paced fiction thriller, which looks at how modern conspiracies could play into Biblical prophecy concerning the end times. Buy your copy and jump into this near-future, post-apocalyptic adventure today! This is the complete, three-book box set. Book One: Conspiracy, Book Two: Persecution, and Book Three: Perdition. The individual books in the series spent months at the top of multiple best-seller lists and have accumulated over 1,000 Five-Star Reviews to date. As with all books by Mark Goodwin, this book contains no profanity and no embarrassing sex scenes. However, if you're offended by conservative principles and references to Scripture, this book might not be for you.

Customer Reviews

This is one of the best series in this genre I've found. It's by one of the only two authors I consistently stick with through series (A. American being the other). The author did good in "The Economic Collapse Chronicles" trilogy, I thoroughly enjoyed them, but in my opinion he really found his own voice and his unique twist in the genre with this series. It will also be of interest to anyone interested in fiction related to the end times from a Biblical perspective (which isn't to say it's preachy, or that I think this is how everything will work out exactly. I don't think the series was intended to be a Biblical study on the end times, it's a dystopian/EOTWAWKI novel with Biblical themes). I would also add, I see some people bad mouthing the ending. I couldn't disagree more. This was the perfect summary to the trilogy, and I couldn't think of a way to end it better. It brought tears to my eyes, which isn't easy for a book to do. Big thumbs up. Edit note: I've seen some reviewers complaining about conspiracy theories playing in to the book, which I find a little confusing. Granted, if you go in viewing this as an author telling you how the world actually works, I suppose I wouldn't agree with some of it. It's a book of fiction though, and to hold it to the standard of verifiable fact seems stringent at best. If this was a work of non-fiction, and the author was saying everything in the book was true, I would disagree, but in the world of fiction it's an engaging and creative book.

Really enjoyed this series - I don't have a lot of time to read but found myself looking for any opportunity to pick it up. Extremely entertaining and very possible theologically. Definitely makes us realize that we are woefully unprepared when real trouble really arises. Love the book because there is a focus on soul winning and loving on people who believe that those of us who love the Lord do

so because we need a crutch. Well done Mark!

A very thought provoking book, it presents recent political happenings in a totally different light than what is presented by our media & government. It is filled with references to the Bible, specifically Bible prophecies about the end of days. I liked the characters. It was a struggle to keep a neutral attitude about the story line, but if his vision of whats coming is even close to accurate, we should all be scared.

The Apocalypse has new and frightening meaning now. It won't come as a slow, grinding to a halt of the the core values and beliefs, rather it will be a sudden awakening and acceptance by all who remain after the Rapture. A wonderful series about real people, their beliefs and the change that comes over them as they try and explain and understand what has occurred.

The books are well written and are chalk full of practical advice!

This is an interesting and thought provoking read. I enjoyed the story and the characters. I highly recommend it. It is also educational about some Bible prophecy.

I'm a very choosy reader that would rather read books that would inspire than bring my mind into a dark place.

Great, believable story, written with what feels like realistic, real life experiences, which unfortunately seems to be the case with so much ChristianEnd Times literature. Fast paced action, believable story line, characters one can really empathize with...and with a great climax.
