CARLEY RONEY helms the world's favorite wedding brand, The Knot, as well as the spinoff brands The Nest and The Bump. Her advice column, "Ask Carley," appears in more than seventy newspapers nationwide.

I purchased this book as a gift for a recently engaged friend. She has told me on more than one occasion that it has been the single most useful resource for her wedding planning. She found the advice to be insightful and the suggestions sensible. I got the opportunity to look over the book myself recently, and I agree with her in that the book manages to inspire and encourage creativity while maintaining a level of practicality. A lot of wedding planning books and "look books" are full of gorgeous ideas that are completely out of reach (financially) for most couples. One of our favorite things about this book is that it's a great resource for anyone planning a wedding, no matter the budget.

So many color schemes and beautiful pictures.

I initially saw this book in a bookstore but it was \$40.00 and I thought that was a little too steep for my budget. So I naturally went on and purchased it for \$26! Such a great deal. Not only does it have amazing pictures, but for every part of your wedding, it gives a check list and how long you should give yourself to accomplish a task. Amazing. This will be glued to my side throughout my entire planning process. Great work, The Knot!

I thought this book was going to be more helpful but I found it to be completely useless. With the internet, why would you even need this book that included everything that is online. I ended up returning this for something more useful.

I am studying event management and styling and since beginning I have collected loads of coffee

table books on weddings and events to inspire me! Out of a large collection of over 30 books I can safely say this is my favourite! It is set out fabulous in colour scheme's and theme's and it really easy to follow it is a fabulous source of inspiration and reference as well as gorgeous to look at! If you can only purchase one book this would be it for me! I love looking through it, it makes me excited to be in the industry and maybe even want to plan my own wedding. It is really colourful and stunning to look out but also have achievable ideas that look great

The Best Wedding Lookbook was the hit gift that my wife gave to the daughter of her best friend. Mothers and daughters alike passed it around and made notes to buy one for themselves when their daughters got married.

Good book!

This book is full of beautiful, large, inspiring pictures. My mom was blown away. I, however, was not as impressed. That's probably because I have seen many of these pictures (or very similar ones) on The Knot's website. However, I have spent a lot of time browsing their site. Also, there is more writing in the book than I expected. Regardless, if you're looking for a great source for gorgeous inspiration, this is the book for you. Another bonus is that there are some budget-friendly ideas included, unlike many of the other wedding "picture books." If you have already done a lot of research online, you can skip this one because you'll just see more of the same. If you just enjoy looking at wedding books like I do, this is a great addition to your collection.
