Dominican Haven: The Jewish Refugee Settlement In Sosua, 1940-1945

Synopsis

This is the story of a small group of Jews, who, fleeing for their lives from Nazi persecution, found a welcoming haven in the Dominican Republic. The settlers arrived amid lush, tropical vegetation and could only describe this refuge as paradise. But they faced daunting problems. Middle-class, urban Europeans, they needed to learn a new language and acquire new skills while adjusting to a new climate and worrying about loved ones left behind in Europe. They created a Jewish community with a synagogue, built a school, and a thriving dairy industry, working side by side with Dominicans in an atmosphere that was distinguished by its lack of Anti-Semitism.

Trude Maurer is Professor of East European and Modern History, University of Goettingen.

I found the book very interesting and informative. I was disillusioned by the actions of some of our Jewish relief organizations. As we've seen in many holocaust stories our own state department was cruel and inhuman. No answer as to why the community dissolved after the war.

This book is an adjunct to an exhibit at the Museum of Jewish Heritage in NYC. I went to the exhibit two weeks ago, and everyone there was buying the book at the museum. I had already bought it

from , had time to review it, was way up on what to expect from the exhibit, and saved a few dollars besides! Yeah for !
