Emmet Fox has been a major spiritual inspiration in my life and a significant intellectual force behind all my work. (Steve Chandler, author of *The Story of You*)“Emmet Fox was one of the world’s greatest metaphysical teachers. His works have contributed profoundly to the spiritual understanding of millions of people, including myself.” (Marianne Williamson, author of *A Return to Love*)

Emmet Fox (1886-1951) was one of the most influential spiritual leaders of the twentieth century and a pioneer of the New Thought movement. His bold, dynamic message proclaiming that our thoughts shape our reality has changed the lives of millions across the world and influenced many key contemporary spiritual writers such as Wayne Dyer, Esther Hicks, and Louise Hay, all of whom have tapped into the power of positive thinking. Fox’s other key works include *Power Through*

Constructive Thinking and Alter Your Life.

Been going around for several years now, never gets old. My wife and I go together sometimes. All I can say is give it a try and see if these prayers and meditation suit you. I can tell you that they are ethical, moral, thoughtful, unprejudiced, non-judgmental, and should you choose them to be, effective.

I want to highly recommend this book. This is my first Emmet Fox book and after reading this, I am going to immediately look into his other works. I'm on the assumption that this particular book is like a summary of all of his best advice. Not sure if that is correct, but all I know is that I must have highlighted hundreds of sentences from this book in my kindle. Such encouraging, uplifting, excellent life advice written in a straightforward manner. I plan on reading it again many times in the future. I can't wait to delve into other books he has written.

I have read this book daily for over twenty years. It means more to me every year. Some may see it as valuable only in the recovery community. This may or may not be true. I only know that it has been valuable to me. I am buying more of them today because people want what I have today and this is a tangible part of me that I can pass on. I hope it means as much to you and the people you love.

Absolutely wonderful book. I have some of his others but this one does the best job of distilling his spiritual wisdom down to just a few choice paragraphs per day. Make time to read these essays every morning before you start your day. It only takes a few minutes and you'll be amazed by how much better you feel and the range of positive experiences that will flow from such a simple discipline.

Live Emmet Fox writing century before his time.

Emmet Fox takes the edge off of this crazy world we live in and provides metaphysical tools to live by. A must for anyone interested in spiritual unfoldment for themselves and those around them.

Use it everyday. Inspirational.

A surprisingly "modern" way of approaching a spiritual life. Not just for avowed Christians. Because I am a lapsed church-goer, have fought reading such things for years and missed out on this valuable "Program" approach. In other words, this is deeply thoughtful daily reading ... good for my soul!
