Customer Reviews

Stargate SG-1: Fantastic Frontiers (Stargate Season One)

Detailed episode synopses followed by additional information about the planets, cultures, and characters provide a wealth of mission opportunities. In addition, many characters are given full stat blocks, some of which are updates for previously written up characters. In addition, there are several very interesting feats that, considering the high power nature of the game, are pretty well balanced. Add to that new Specialties, Races, Skill Uses, and tons of new Gear and other miscellaneous rules for use in your game and this book is definitely worth \$30. I ordered this hoping it could solve my lack of ideas for running my own Stargate adventure/mission, and it solved that problem admirably. However, I now have the problem of deciding from many, many missions inspired by this book!

Great Book!

I liked this book. Overall this is a good translation of the Series into a d20 format. It has some cinematic rules that captures the feel of the series and certainly is fun to play.
