Customer Reviews

It is a great book for beginners. It gave me sooooo much information and we are total newbies to rving. We have a 5th wheel for the first time. NO IDEA about it but soooooooooo excited. This book gave us a checklist of things to check before cruising. I feel so much better now. It is a lovely book to have for reference and I think it will help us cut down on bad things that can happen. I totally enjoyed reading it and it gave me the confidence I was looking for to BEGIN our Great Adventure Time.

This is almost like a detailed checklist of "do's" and "don't's" - skim this in 10 minutes and you're done. There are some good points to remember and a couple of things that are safety related that you might not know or think about when dealing with propane, for instance.....

Mixing one cup of Dawn dishwashing liquid with a gallon of water down the toilet to help wash out the tank was a great tip!

We are thinking of getting an RV for travel. After reading all of the work to be done, I think we'll fly and stay in a hotel. So this book was amazingly helpful!!

We knew nothing before reading this book and now know so much more and feel more confident now. List of things to buy. Plus this gives us a list of things that we should be careful about. Now let's go have some fun!

Good advice for a newbie. Most is common sense but, if you've never owned a camper might not think of.

Very informative for the first timer I give it five stars we really enjoyed the tips and handy tricks given

Summarizes many tips in multi check list format. Important to check before RV'ing.
