GREAT,BEST SELLER

I needed this book for my daughters band class , it got here in 2 days...and was perfect. Def would recommend this buyer.

I purchased this text book as her school music teacher asked all students to get them .I think a good book.

Book is exactly what we needed. Shipping was very fast though I can't remember if it was Prime or priority postal service.

had a lot of great tunes to play.

Good class room book. Also has some nice solos in the back I have used for solo & ensemble

festival.

Great book...helped me out a lot. Would have loved some more stuff using the higher notes of the instrument but it did help me with creating a foundation.

These books are great for beginner to intermediate players. The exercises are extensively used in middle schools. This book provides a perfect atmosphere for advancing talent and skills. I have used them since I was in seventh grade and will look forward to using them with my children.
