Absolutely beautiful journal! Great quality, value, and very thoughtful questions. It even has a little envelope attached to the back page to hold photographs and other paper documents. I bought two of these journals as Christmas presents for my son's grandmothers. I can't wait for them to share their stories with him when he is older. He's only a toddler now, but it will be an amazing keepsake down the road.

Holy. Awesome. Book. It is very high quality, hard-cover, and contains a lot more pages that I expected. There are a lot of questions and lots of room to write stuff down, which is what I was looking for. There are not really any places for pictures, except for a pouch in the back, but that's what photo albums are for. The graphics are nice, not super baby-ish and not really old fashioned. Text is large enough for grandmas to read, and lines are big enough for large handwriting. It starts with grandma telling about HER grandparents, then her parents, then herself throughout her life, and onto her child and finally the grandchild. It is perfect.

I can't give this book enough stars!! The graphics in it are beautiful, the questions meaningful, and the book itself is of high quality. Yes, there is plenty of room to write in responses, it's a memory journal, that's the whole point. I plan on filling this in with my grandma over the phone (long distance separates us) and treat it as an interview/q&a. It's for my daughter, so she'll be filling it in as a great grandma, and I'm just so excited to begin. I bought this not knowing exactly what it was going to be like inside, and I'm so happy I did! Highly recommended! My only suggestion would be for this company to make a grandfather version, as this book is definitely meant for a grandmother to write in only.

I bought this for my boss who just became a grandmother and she loved it.

My mother in law LOVED this. There were so many questions that I would have never thought of asking but were so cute. She started writing in it the night we gave it to her.

Loved the idea of having my grandmother write down the story of her life that I can share with my children & hopefully grandchildren one day. Very detailed questions & I can't wait to read them when she's finished!

Wonderful journal to share with a grandchild!!

What a lovely book it makes it easy to share memories of your life with your grandchild. I have given to so far as gifts and I know I'll be buying more
