String Builder, Bk 2: Viola (Belwin Course For Strings)

Synopsis

The Belwin String Builder is a string class method in which the violin, viola, cello, and bass play together throughout. Each book, however, is a complete unit and may be used separately for class or individual instruction. The material in this book is realistically graded so that only a minimum of explanatory material is required. Each melody is interesting and will provide the basis for a fine left hand technic and bow arm. Available in three levels for violin, viola, cello, bass, piano accompaniment, and teacher's manual.

Customer Reviews

These books are so sensible in there approach to introducing new material, and full of duets to play with your pupil. Also, they are fit for string orchestra classes, with piano parts and full scores available. When these can't be had anymore, I may have to stop teaching!

as expected came on time and was for school thank you

Great basic book.

What I needed.
