Every Day A Friday: How To Be Happier 7 Days A Week

Synopsis

The title comes from research that shows people are happiest on Fridays. Pastor Joel Osteen writes how we can generate this level of contentment and joy every day of the week. Known as a man who maintains a constant positive outlook in spite of circumstances, Osteen has described this message as a core theme of his ministry. Combining his personal experiences with scriptural insights and principles for true happiness, he shows readers how every day can hold the same promise and opportunities for pure joy that they experience at five o'clock on Friday.

Joel Osteen is the senior pastor of Lakewood Church in Houston, Texas. Listed by several sources as America's largest and fastest-growing congregation, Lakewood Church has approximately 45,000 adult attendees every week. Millions more watch Joel's messages as they are broadcast on national and international television networks. He resides in Houston with his wife, Victoria, and their children. Joel Osteen is brilliant! He must've researched for a very long time in the writing of this book because he has addressed every problem, challenge and obstacle that we face in every day life. This book stays right next to my bed for quick reference whenever I am feeling low. I like how he not only offers encouragement to face problems, but he offers personal stories and references the Bible to back up his advice. For some reason we tend to think that people of faith never have a bad day and to hear his personal struggles and how he rose above life's daily drama brings a positive

message to everyone. God bless you Joel Osteen!

I bought this as a gift and the recipient can't stop thanking me. I think it helps that the author reads it himself. If you watch his programs on television you may have heard some of the examples before. However, I was told that it's still very powerful when listening to the CD. The giftee doesn't have a lot of time to sit and read and has a long commute. If that's you, then this audio book may be right for you.

Joel is a most inspiring godsend, he is for the people, his inspiration from God is a positive influence for everyone. He gives all credit to god he understands that God is life he is a healing and caring source . We can all grow in a positive direction under his God giving knowledge.I highly recommend this book .

This was purchased for my boyfriend's mother, as I already have a copy. I love Joel. I'm not someone who is in church each Sunday and I can be turned off by anything too preachy or guilt-inducing. Joel just breathes inspiration, light and love and if you have ever witnessed his sermons, he is every bit sincere. I know some hardcore religious people have a problem with him and tout him as a "prosperity preacher" but I think he has reached out to many who would otherwise be turned off to religion. I think he embraces all types of people in a non-offensive way and shows the acceptance we have always been meant to feel from a relationship with God. It was Joel that got me interested in really reconnecting with my spiritual side and building a relationship with a higher power. He definitely came into my life when I really needed his words, so I will always love Joel.

Well, I was a bit reluctant, because I almost never buy or read religious books, as such. But, the title caught my attention, so I decided to buy it. It commenced much like he speaks, simple and rather ordinary, but there is something about his conviction (believes what he says) and something about the way it comes together in one's mind.I told my daughter about it, and said I would get her a copy if she would be interested in reading it. She said she would definitely, but to just send mine when I was through.Huh uh, says I; I want to read it again, (and this is what I am doing. The first time, I read it in after I retired for the evening, or when I awakened during the night, which I do from time to time. This time, however, I am not reading it every night, because I have other books that were being neglected, but I think I will just keep reading it, now and again.This is one of those kinds of books that can be read whenever, and still be interesting, and those are the kinds of books I like. I

have been trying to get through *The Story of Civilization* before I leave this earth. Nonetheless, Joel's book will probably stay by my bed for some time, with a few of my other favorites. I will share this: One night I was fretting about having planned so much for my day off. Actually, I was still stressing as I lay with my head upon my bed. Then I noticed how my thoughts were racing about, and scolded myself thusly: "You are lucky to have two friends who want to see you in one day, and you are lucky you have a car, and very fortunate that Les Schwab is right across the main road, and even more fortunate that you have the money to buy that new battery (first thing in the morning)!" Then I laughed at myself. I was fine then, and the next day went very well. See, Joel, I'm paying attention! It is a good book, but be patient. All those simple statements have a way of sneaking up on you, then you realize it when you get it, and it is kind of fun. Mickey

I have recently discovered Joel Osteen and "Every Day a Friday" is the first of his books that I have read. Joel is an excellent writer who explains major concepts in easy to understand English. He is a great user of "wordpictures" to illustrate a new or difficult concept. It is very easy to quickly learn the concepts that Joel is teaching in the book. Joel is writing about how to improve your life by creating a very positive attitude about your self and others. The book has numerous practical ideas that one can use to keep their outlook positive. In addition there is a lot of attention given to not letting all of the negative things in this world steal your joy. Joel has given us tools in this book that we can use to not lose our joy even when we are going through tough times financially, emotionally, etc and also while the world around us is filled with negativity and cynicism. Joel is a Christian minister who has the largest church in the USA. It is located in Houston, Texas and seats almost 17,000 people. He is a very different type of minister. All of his ideas are based on principles found in the Bible, but he only makes brief reference to scripture during his sermons. His sermons are always about the type of positive attitude and self improvement found in this book. There are about 17,000 videos of Joel Osteen on YouTube. I would recommend checking out one of the YouTube videos either before or after you buy this great book and see this excellent writer and speaker teach a large audience of 17,000 people who are very enthusiastic and joyful.

A real mood lifting book! Most enjoying, and good to reread! Great author! Quick delivery and timely by Seller!
