Best recipe book ever if you want to learn about Middle Eastern Cuisine. I would recommend it to anyone who wants to learn more.

Being Middle Eastern, I really appreciate the chapter on spices and all the historic background given. . I will definitely purchase again as a gift. This book is recommended based on the fact that so many of the meals in it, there really is only one authentic way to prepare them. Once you have

the foundations, tailor to your liking. Best Chaldean cook book I've seen so far!

Nice cook book

Not only is this book hardcover and beautiful with great color photos of the dishes, the recipes were fantastic and most definitely authentic. I purchased the book as a gift for a family member and several other family members have also requested the book. I've got a copy of it on the way for myself. Chaldean cookbooks are hard to find. This one is a gem! Buy it! :)

I recommend this book to every person who loves Chaldean cooking & especially young married couple who depend on mom's cooking. easy step by step recipes. just a great book to have.
