Money In The Ground-Insider's Guide To Oil And Gas Deals (4th Ed.)

Synopsis

This is your highest-yielding oil and gas investment. Period. Do you have money ... or time ... in an upstream oil and gas deal? ... as investor?, landowner?, or professional? in (or associated with) the upstream oil business? If you do, get this book. **MONEY IN THE GROUND** has been continuously in print for 19 years. It has become THE standard reference on the subject of oil and gas deals. The industry-standard reference on oil & gas investment by a world-class geologist. He starts at square one to give you the background. Then you get inside information on specific details...with examples. Vital down-to-earth tips on taxes & securities. Plus real-world practical know-how (not theory!) on how the money side of the oil game is played! Required reading for: Land Owners, Investors, Lawyers, Bankers, Accountants, Mineral & Royalty Owners! **LET'S TALK AN OIL DEAL--Your Key To Oil Patch Lingo.** 1991. 120 pp. \$13.50. 4x7" paper. ISBN 0-9615776-2-2. You'll never again be at the mercy of the oil companies, with this key to their oil jargon! Every term you need to know is here: mineral rights & overriding royalties; farm-outs & turnkeys; back-ins & payout; blue-sky laws, behind-pipe, bottoms up, & more. Pocket-handly!

Customer Reviews

“Designed for the potential investor. Helpful and simplified adequate treatment of every relevant aspect from geology to taxation.” --Petroleum Economist - London, UK
“This is new and comprehensive. Gives real-world practical information (not theory). Provides specific deals with examples.” --Oil & Gas Journal - Tulsa, OK

“| don’t lay a nickel down on the table until you’ve read this book.” --Doug Bentin - Oklahoma Gazette, OK

From Acknowledgements: If not for an article by Toni Mack in Forbes Magazine, instead of this revised 4th Edition, you might be standing there, holding a dated re-print of an earlier edition! She mentioned MONEY IN THE GROUND in her article, which triggered a flood of calls from around the country. Readers and callers alike, made a convincing argument that it was time for a new, up-to-date 4th Edition.

GOOD READ

I bought this book to evaluate an oil investment opportunity. Prior to reading this book, I knew nothing about the oil business. After reading the book, I felt comfortable enough to invest. The book gave me the knowledge I needed to ask the right questions and to evaluate the fundamental assumptions upon which the investment was based. I’d recommend this book to anyone who knows little about the industry, but wants a good overview to evaluate a potential investment opportunity.

Great book

I bought this book because it was highly recommended by an oil investor. I am studying to invest in American oil and it is a complicated endeavor with a lot more to learn in order to minimize the risks of losing money.

This appeared to be a book in new condition, but the binding adhesive is apparently not good, as the book is pretty much falling apart after only a couple weeks into reading it.

A fine book about investing in oil and gas wells. Straight-forward explanations. Detailed but easy to read. Great illustrations. Full of important information for potential oil and gas investors. Buy it before you invest.

This is a good book written by a guy who appears never to have been scammed. His coverage of the due diligence is woefully inadequate.

Great item
