Customer Reviews

I had never heard of Empanadas before but seeing this book I had to try they because they looked

so good on the cover and let me tell you they taste better then they look.yum yum.

Let me start out by saying I can't eat spicy food. I bought this cookbook because everything looks so good, why can't I make these things and just leave out the spicy bits. I'm having a ball making empanadas that I can actually eat!

Do not waste your money on this book... there are multiple errors in this book and ingredients either left out or extra tossed in ... one recipe called for 3c cornmeal and 2-1/2 water then kneed until smooth not possible... wish I could give .5 or 0 stars

This has so many new and different recipes. I'm looking forward to making all of these!

Great little book filled with many empanada recipes. Not to hard either.

nice little book...looking forward to trying some recipes.

lov these, nice and perfect for snacks, meals anytime

I love these inexpensive little cookbooks filled with ideas of what to make for dinner when your head is too tired or lazy to think for itself.
