Stephen Cosgrove is one of the best-selling children's book authors of all time. His writing career began in 1973 when, while shopping at bookstores for his three-year-old daughter, he was frustrated by the lack of fun-to-read picture books that also convey positive values. Consequently, he decided to write his own stories. Cosgrove went on to create four titles that became the foundation of his best-selling Serendipity series, which has sold over 80 million copies worldwide. Since then, he has written more than 300 books, some under his own name and others using pseudonyms, ranging from picture books to young adult thrillers. The winner of the Coors Lumen Award for family values and multiple Children's Choice Awards, he lives in Austin, TX. Robin James is a gifted illustrator and a native of the Pacific Northwest. She has loved art and animals all her life and has been drawing ever since she could hold a pencil. Through the years, she

has created a wide variety of artwork from animal portraits to wildlife paintings and has illustrated over 75 children's books, and is published worldwide. She lives in Snohomish, WA.

this is a great book for kids and adults to understand that those who are different are just different.....not scary different. I read this when it first came out to my nephew who is now 34 and a father himself. The book is for his son, a 3 year old spitting image of his Dad

These books by Stephen Cosgrove always have a moral, a point on which you can expand, to teach children virtues. Highly recommend.

Cute little Leo!

I wish every school will have a copy given out to each child at the start of the school year.

My kids have the whole series of these books from when they were little and now, I have a grandchild so, I decided to start getting them for him. He loves to look at books and really likes these. This book was my kids favorite when they were little.

This was a favorite with our two sons and is now a favorite with our grandson. A classic, well written story for children of all ages.

One of my all time favorite Serendipity books. They have great charm and have a loving message inside.

These books were favorites of my Daughter when she was little. Now they are the favorites of my Grandson. Timeless books.
