Customer Reviews

Susan Branch is the author of thirteen (now fourteen, almost fifteen) books with over four million copies in print ~ all of them hand-written and watercolored, filled with quotes, recipes, tips, stories and personal mementoes. Susan's "Heart of the Home" books celebrate the home arts of cooking, gardening, homemaking, family, best friends, entertaining, and all the things that make life sweet. Susan was born in Southern California, the oldest of eight children (which has been a huge inspiration for her life), and now lives with her husband Joe Hall in an 1849 home on the Massachusetts Island of Martha's Vineyard ~ which she refers to as her "heart magnet." Susan was drawn to New England since childhood and loved it before she ever saw it. She finally moved there in her early 30s, no longer "able to live without four seasons and white picket fences as everyday architecture." One of the most prolific artists working today, Susan has produced close to 3,000 pieces of original art that adorn everything from dish towels and teapots to calendars, books, and wrapping paper. Thousands of ardent fans, "Girlfriends," as she calls them, come in contact with her work every day through her popular blog at www.susanbranch.com.

Susan Branch calendars are my new favorites. This is my second year of buying them and I bought early because I wanted to enjoy and pore over her illustrations before they go up on the wall. They are made of high quality stock and a pleasure to see because the illustrations and little poems and sayings are so positive. Thanks Susan Branch for giving me inspiration throughout the year!

My favorite calendar ever. Probably the 10th + year I've purchased one.

I love this small calendar. When we travel, I take it with us!

If you love Susan Branch, you will love this calendar. The subjects and colors are classic for her style.

Perfect for my cube at work - I get lots of compliments and enjoy using. Shipping was fast but they required a signature to leave (?) seemed odd for a inexpensive product.

These fit perfect inside my cupboard door in the kitchen. Love seeing the whimsical illustrations each month. A sweet little calendar to keep your info posted.

Next year I'll return to a Marjoline Bastien calendar but this is fine. Didn't quite look at each page as carefully as I should have before I ordered it.
