i really do love this calendar, but i’d only recommend it if you were only planning to look at it and/or cross off days; if you actually plan on keeping track of events, i do not recommend this one. there’s no space for words & most of the colors are too dark -- you’d need a white pen in order to see what you wrote. the holidays are listed off to the side with their appropriate dates instead of actually on

the day due to the aforementioned, so if that's a problem for you as well, you won't want this calendar. it's very visually pleasing, but not as functional as i needed it to be.

Gorgeous and cheerful artwork. Super cute recipe cards were a bonus.

Love this calendar! I'm quite picky with wall calendars, and only get the cutest of the cute. This calendar does not disappoint- I love each month's picture!

Very cute, the only negative is if you try to write things on certain days the background for some months are very dark and hard to make out unless you use a sharpie.

Adorable, and hanging at my office wall. Love their designs!

Love the monthly designs, not only is it a calendar but fun artwork for your walls that you get to change out on a monthly basis. Great quality, large print is easy to read and there is space to write on the dates when needed.

Absolutely love this calendar! Saw it on someone else's IG feed and tracked it down here. Big beautiful graphics, goes perfectly in a modern farmhouse kitchen.

Lovely!! Good sturdy quality pages. More like card stock than calendar paper. I love this! It's fun to use and I love switching to a new month! Every picture is beautiful!
