Lots of information. I'll need to read this a few times. It's interesting to see how far off from the word of God this cult is

Old information! Hope to find something more up to date! At any rate, am on my guard against these deceivers!

Everyone who has a Jehovah Witness in their family must read this book. It is so accurate and really helps understand how the Jehovah Witness is a Cult. This book exposes this Cult. This Cult is extremely dangerous as it separates families and refuses to acknowledge our Flag, our Military and our great Country. They pull their children out of school so the little ones are not exposed to anything except this Cult teaching. I have never seen anything like this blind Cult.

This is a very good book to learn about religion.

I enjoyed the book and the men and his dedication

loved it

A good view of some facts we seldom look at as we try to determine the difference between the Church and a cult.

Touches on the key points all should know about the JWs. Good reference book. I would recommend this book for your library.
