The Mullet: Hairstyle Of The Gods

Synopsis

The mullet-cut is a style in which the hair is short at the front coupled with a long mane at the back. Popular in the 1980s, entering the zeitgeist and becoming the hairstyle to have, the mullet is now in decline. The authors examine all areas of the phenomenon, from mullets in pop to advertising.

The book is amazing and a great conversation piece! The book is as cool as Gary Busey is strange; That's how good it is. I would love to buy a similar book in the future! The book looks even better than I imagined! It's so rad! Thanks so much!

Absolutely the best white elephant gift at the party. Can't go wrong with this at the party.

If you have or want a mullet this is a must have, even tho its a satire make fun book about mullets, lots of mullet info, history and pics great.

A literary masterpiece.

This will provide hours of entertainment for me and my friends. Tells the history of the most awesome hairstyle ever invented. Plus mulletman comics!!

I gave it to my niece as a Christmas present and she loved it! It's fun and a great laugh.

This book was so awesome I had to buy one for me and one as a gift. My only complaint is that it isn't longer!

Oh, what can I say about the Mullet? My first boyfriend back in 1988 wore the Mullet with pride. After reading this hilarious book, I kept laughing until tears rolled down my cheeks. I didn't know the name of it in those days. His last name was Brodeur so through the years we've always called the Mullet the "Brodeur". Now I have the true name of this hairdo and its perfect. I thought this book was a great look at a major phenomenon that is now spawning websites by the dozen. I was dumped for a girl with a full-on Mullet and as my Mullet ex said "she has the coolest hair". I guess there is something about Mullet-heads that stick together and boy do they love to rock! If you want a great laugh, buy this book. To me, its comic gold. Hilarious, well-written and just fun. This book can make you laugh and its a great gift for friends. I will buy this for my Mullet obsessed friends who will get a big kick out of it. Someone in a review asked what does Twinkies have to do with Mullets. I say Twinkies have everything to do with Mullets. This is the nectar of Mulletdom. Anyone with true mulletude loves a twinkie more than life. Its up there with air guitar, BMX bikes and talking in a ultra-loud voice!
