Chasing Angel (Divisa Book 3)

Synopsis

Chase Winters is one of a kind. That doesn't mean he still doesn't get on my nerves more days than not, but his arrogance is starting to be sexy. Together our bond grows stronger, and so do we. Just as we hurdle one obstacle, two or three more pop up. Go figure. It isn't enough that Emma once again hates our guts, now Travis has decided to go all demon-zoid on us. I could hardly blame him though; he had lost the girl of his dreams again. After everything that we have endured, I am not the same girl anymore. Not since the day I met Chase. The icing on the cake there is a new player in town, and he is not human. Hell has decided to pay Spring Valley a visit, and Chase and I are their first stop. Our quiet little town was about to shatter. Of course there is also our rare bond to factor into all of this, and the pesky last piece. Or maybe it isn't as pesky as it is combustible. Soul. Heart. Body. Oh dear God!

Chase and Angel have come a long way. Emma rescued Angel from her dad and Travis is sane again. Life has its ups and downs, but they get sucker punched all the time. Chase's sire orders him to meet with him while the two of them were getting ready to seal number three of the bonding. Chase kills Emma's father, and she will never forgive him. She starts tormenting Angel to the point that something had to be done. Angel has powers of her own and uses one on Emma. Drama has never been so sweet. Demons destroy Angel's home and kidnapped her mother. What happens when she is given no choice but to join the demon or her mother dies?? Can Chase save her in time, or will the bond be broken by death???? Excitement on every page. Characters are interesting and you even feel the need to slap a few. Questions....lots of questions. But no answers until you.....Read on my friends.

I love Chase! He is perfect. This book is the best of the series by far! Wow! The snark is wonderful! Wherever the author wants to take us, as long as Chase goes then I will follow! I love the relationship dynamic between Angel and Chase. I also love how Angel is honest and realizes that she is not the best of girlfriends, but the choice she makes redeems herself completely I do believe. I am so happy that I stuck with this series. Please tell me there is more! Lots more! This is a nice place to get lost for a couple of hours. If you are looking for something deep then look elsewhere. If you are looking for something unusual then look elsewhere. If you are looking to fall in love with some characters and spend some time in the demon world then look no farther.

Chase's sire is in town and he wants nothing more than Angel. Really enjoyed this installment but again wish we didn't have to wait. Hot hot Chase was all the time. Angel shows how much she loves and will protect Chase in this one and how strong she is.

Title says it demon guardian angel would be amazing all that hotness with fierce love loyalty and scaring off high school boys. Chase and Angel have so much going on I hope life keeps them busy and out of trouble but then what fun would that be

I loved it! I love that Angel isn't oh-so self-sacrificing. A lot of heroines are, and that's fine but it gets a little old when heroine after heroine keeps trying to find some way to sacrifice her life for everyone else. It's like they don't even want to try for a better alternative. So Angel is refreshing in this novel because she can be a little selfish, she recognizes it and she's ok with it. And you know what? It is ok, she's a teenager, that kind of the time in your life when it's really ok to be a little

selfish. So let's all give cuddos to Angel for at least looking for ways to fix the problem without ending her life. Chase is just as hot as ever! I really love him, definitely one of my favorite book boyfriends of all time. It's weird, right? Because I'm independent and hate bossy and possessive men in the real world, but they're my favorites as book boyfriends. The story isn't lacking. We get plenty of interaction between all our favorite characters and thanks to reading this book I no longer have nice long nails. They've all been chewed down to the skin from how stressed out this book had me- in a good way, of course!

I love these books. I feel like the story should have ended here (as the next book is slow, it was for me, at least), and could have ended here and made a good ending to series. I love the way JL Weil writes! It's refreshing and I look forward to all of her future novels!

I am stupid. Why? How could I fall for this book? The bad guy is lame. Too bad. I always thought a good book needed an awesome bad guy. The same goes for TV Shows or movies, and everybody can feel a different vibe when they are watching Smallville's Lex Luthor or the weird red guy from Captain America. Moreover, I thought the bad part of the Emma-Travis relationship at the beginning of the book was preeetttttttttt useless. So was the Sierra act. And I miss Lexi very much. She appeared like twice. I mean boo freaking hoo! That being said, I love the dynamic Chase-Angel. I have always hated the fiction with "I am not ready to do IT". Thankfully, it went the other way around ;-). I would recommend this book. You want love? Done. Sparks? Done. A love that will make you dream? Done again. I am happy I read it. It was refreshing

Once again she's wrote yet another fantastic book! This series just keeps getting better and better! Can't wait to see what's next for Chase and Angel!
