# The Bible Smuggler

## **Synopsis**

In this highly readable biography, Vernon explains William Tyndale's work of translating, printing, and distributing the Scripture, focusing on Tyndale's helper, Colin, who begins his work as a carrier boy smuggling in a copy of Luther's New Testament to Tyndale.

## **Customer Reviews**

Louise A. Vernon was born in Coquille, Oregon. As children, her grandparents crossed the Great Plains in covered wagons. After graduating from Willamette University, she studied music and creative writing, which she taught in the San Jose public schools.

"The Bible Smuggler" is a biography about William Tyndale and his work translating the Bible from Latin to English. It is written for ages 9 and up. The story is told from the perspective of Tyndale's young assistant, Colin and carries the reader emotionally as the young boy grows in his respect and admiration for Tyndale. Although the reader may already know the outcome of William Tyndale's story, it can still has a powerful impact. (When I finished the book there were a few tears in my eyes). Ours is a better world for people such as William Tyndale. One of the many reasons I think "The Bible Smuggler" is a great read is that while it was written in the late 1960's, it remains relevant. People still fear what they don't know, at

know, dislike and even fear change (for the most part), those who are in control like to maintain control and more importantly, we never know how long we will continue to have the freedoms we have today.

A little slow at times

This was a great book that I learned a lot from. I bought this book for my son and thought I would take a look at it before he read it - just to make sure it was appropriate for his age etc. It [...]me in and a few hours later I was done with it. Of course that perked up his interest and he wants to read it. A good book that even keeps an adult interested. I would and will highly recommend to others.

The Bible Smuggler was assigned reading for a book report for my 6th grader. I think I enjoyed it as much as he did.

Loved reading this to my kids! Great story with solid historical truth and exciting adventure. The story comes alive and is a very easy read.

Good story for the content. The e-book, however, contains many typographical errors.

A fun historical fiction read. My kids enjoyed it and sparked many fun questions.

This was recommended as part of our homeschool curriculum. My boys and I enjoyed reading it.
