For more than 150 years, in print and now online, Merriam-Webster has been America's leading and most-trusted provider of language information. All Merriam-Webster products and services are backed by the largest team of professional dictionary editors and writers in America, and one of the largest in the world.

This has all sorts of references to help with the most troublesome puzzles. It is more of a reference book as opposed to a pure dictionary. If you like doing the puzzles but don't like getting stumped, this will certainly help you finish off the tough ones.

Already the pages are beginning to separate in middle of book. It almost seems like it is too many pages for a paperback. Some of printing is not centered on the pages but nothing is cut off. otherwise, it is a good dictionary for crossword puzzles.

It's okay. Not like the one that listed actors, musicians names, etc. in one place - that one was done by a different company in 1989 so it is far outdated. I have to Google those often. And it doesn't list a lot of things that are listed in the crossword puzzles I do. It's okay.

Not what I thought it would be. I had a few searched on idioms, but they didn't show up, so I did it the hard way, I went online to find what I was looking for. I would say it does alright though.

The dictionary is a beautiful clean copy. My only issue is the size of the paperback edition. I was expecting a larger version.

I had an older version that was at least 10 yrs old and it had far more answers than this on did. I deeply regret having thrown it away before going thru this one. It's for the most part useless.

This is a great resource for crossword lovers, but it's a little daunting due to its size! Took a little while to figure out how best to use it, but it's a helpful book with tons of words.

Excellent for the new words used in today's crosswords. I use the old Webster's for the old words and the new for the new
