This is all about secrets of Gallant Greninja one of my favorite cartoon character. All pages of this book are great and very interesting. Creativity and story telling skills are perfect in this author. I have read all his book and this is one of my favorite book in his series. I read this book before going to sleep and every word in this book makes me laugh and relax my tensions. This is a Fabulous series have breath taking twists and surprises.

After Ash evolved greninja to an ultimate level with the power of bonding. I simply cant resist reading about any greninja. I always thought water pokemons are weak. But this pokemon proved otherwise. Cool contents to read.

Nothing like a really good book by Red Smith. As a big reader of the series, this nice title certainly lives up to the glory of the rest. Very well-written and so full of life and adventure. Red does it again! Keep them coming.

Being an ardent reader of red smith's books I must say keep these series going as long as you possibly can. Like every book in this series, this one keeps a Pokemon lover like me hooked on to it till the end.

My lil sis fell for this book and now I have to beg her to give back my tablet, i guess am not sharing the next book in the series. Bt i have a feeling she will get to read it too.

Read the Diary of a Gallant Greninja by drinking a mug of black coffee! I think this will give you a double-treat of caffeine. Extremely exciting and a page-turner

Your books are good, but just plz make diary of a wimpy breloom (in case u dont know it, breloom is a grass and fighting pokemon that evolves from shroomish)

I like this book very much I've read all of the Eva, Rose, Glen series and I really like them! I was wondering if the next series could be about the joto region thanks!
